

## Family Resources

This Family Resource Directory is designed to be a "directory of directories" to assist consumers interested in locating community resources for their child that either does not qualify for the First Steps program or has transitioned out of First Steps. Although this is not an exhaustive list, it should serve as a starting point to locate potential educational, recreational, therapeutic and community activities in the Central Indiana area. First Steps does not endorse any specific listing and fees may be charged for some of the services. For specific information concerning a diagnosis, families should contact their Service Coordinator or the Central Indiana First Steps Systems Point of Entry (SPOE) office at (317) 257-2229.

State Resources			
Name	Address	Website	Description
